Subject: Minute Entry in 10X Cases

Dear Ms. Astell,

I write regarding the below docket entry entered today in Case Nos. 22-cv-261; 22-cv-595; and 22-cv-1375, all of which are pending in the District of Delaware. Based on the status conference today, the parties believe that the highlighted line below should refer to Case No. 22-cv-261, not Case No. 22-cv-595, as the latter case is currently scheduled for trial in February of 2025. If so, would it be possible to have the minute entry corrected?

Docket Text:

Minute Entry for a Case Management Conference held before Judge Matthew F Kennelly - Case Management Conference held on 7/8/2024. Telephonic case management conference held involving attorneys in Case Nos. 22-cv-261; 22-cv-595; and 22-cv-1375. The Court made various proposals for coordinated and separated case management of the three cases. The Court anticipates setting Case No. 22-cv-595 for trial on or about 5/19/2025. Consistent with the Court's comments during the conference the parties are to confer further and are to submit a single joint status report covering all three cases covering the disputed topics as well as proposed revisions to the case management orders (and schedule revisions if appropriate) by no later than 7/15/2024. The Court will set a further case management conference if necessary following review of the status report. (apk)

Respectfully,

Jason J. Rawnsley (#5379)
