[Defendants' Proposal: December 15, 2024].

b. Document Production. Document production shall be substantially complete by June 14, 2024.

c. Requests for Admission.

The combined group of Defendants across the *onsemi* action and the *MPS* action will serve no more than 40 requests for admission combined, with no more than 20 of those being joint requests. Plaintiff may serve no more than 30 requests for admission on each of MPS and onsemi. The foregoing limits shall not apply to or include requests related to authenticity.

ii. Location of Depositions. The parties will meet and confer in good faith to determine mutually agreeable times and locations for noticed depositions, which should be noticed to comply with Fed. R. Civ. P. 45(c)(1).

f. Discovery Matters and Disputes Relating to Protective Orders. A party should include with its letter a proposed order with a detailed issue-by-issue ruling such that, should the Court agree with the party on a particular issue, the Court could sign the proposed order as to that issue, and the opposing party would be able to understand what it needs to do, and by when, to comply with the Court's order. Any proposed order shall be e-mailed, in Word format, simultaneously with filing to rga_civil@ded.uscourts.gov.

If a discovery-related motion is filed without leave of the Court, it will be denied without prejudice to the moving party's right to bring the dispute to the Court through the discovery matters procedures set forth in this Order.

Unless otherwise ordered by the Court, the parties shall comply with the timeframes set forth in Local Rule 16.3(d) for the preparation of the proposed joint final pretrial order.

13. Motions in Limine. Motions *in limine* shall be separately filed, with each motion containing all the argument described below in one filing for each motion. Any supporting documents in connection with a motion *in limine* shall be filed in one filing separate from the motion *in limine*. Each party shall be limited to three *in limine* requests, unless otherwise permitted

by the Court. The *in limine* request and any response shall contain the authorities relied upon; each *in limine* request may be supported by a maximum of three pages of argument and may be opposed by a maximum of three pages of argument, and the party making the *in limine* request may add a maximum of one additional page in reply in support of its request. If more than one party is supporting or opposing an *in limine* request, such support or opposition shall be combined in a single three page submission (and, if the moving party, a single one page reply). No separate briefing shall be submitted on *in limine* requests, unless otherwise permitted by the Court.

14. Jury Instructions, Voir Dire, and Special Verdict Forms. Where a case is to be tried to a jury, pursuant to Local Rules 47.1(a)(2) and 51.1, the parties should file (i) proposed voir dire, (ii) preliminary jury instructions, (iii) final jury instructions, and (iv) special verdict forms no later than 6 p.m. on the fourth business day before the date of the final pretrial conference. The first of these trials is scheduled for a five (5) day⁴ jury trial beginning at 9:30 a.m. on September 8, 2025, with the subsequent trial days beginning at 9:30 a.m. Until the case is submitted to the jury for deliberations, the jury will be excused each day at 5:00 p.m. The trial will be timed, as counsel will be allocated a total number of hours in which to present their respective cases. The subsequent trial will occur on October ¹⁴~~13~~, 2025.

⁴ Five days (i.e., about ten to thirteen hours per side) is the presumptive length of a patent jury trial. If the parties think it is obvious that this will not be enough, they may put in a different length and should be prepared to explain why at the Rule 16 conference. A final decision on the precise length of trial will not be made before the final pretrial conference.

16. Discovery Referral. This matter is referred to a magistrate judge to handle all discovery disputes including any that arise in connection with expert reports.

17. Mediation. The Parties are required to engage in good faith in an in-person mediation. They are to hire a jointly agreed-upon mediator. The timing of mediation efforts is left to the discretion of the Parties, but the mediation efforts need to be conducted in advance of the pretrial conference. The Parties are required to submit a joint statement no later than one week before the pretrial conference. The joint statement is to include the identification of the mediator, the lead counsel for each party at the mediation, the length of the mediation, and the certification of the lead mediation counsel that they have engaged in the efforts in good faith. If the Parties anticipate any further efforts by the mediator at the time of the submission, they should so advise. The joint statement should not disclose the substance of any offers, counter-offers, or other negotiations.

The Honorable Richard G. Andrews
