Counsel: There are typographical errors in Footnote 2 of the discovery and briefing order entered June 27, 2025 (see, e.g., IPR2024-00468, Paper 69 at 2 n.2). Footnote 2 incorrectly identifies IPR2024-00019 (“IPR0019”) and IPR2024-00020 (“IPR0020”) as the subject of pending requests for Director review. Discovery and briefing orders, similar to those entered in the instant cases, will be entered in due course in IPR0019 and IPR0020. The Board will enter a copy of this email as an exhibit in each of the instant proceedings.
