PETITIONER'S MOTION TO SEAL
PETITIONER'S REPLY TO PATENT OWNER'S RESPONSE

Pursuant to 37 C.F.R. §§ 42.14 and 42.54 and Paper 26, Petitioner Monolithic Power Systems, Inc. ("Petitioner") respectfully submits this Motion to Seal. Petitioner moves to seal its Reply to Patent Owner's Response (filed concurrently with the present Motion) in its entirety. Petitioner has conferred with Patent Owner, and Patent Owner indicated it does not oppose.

I. Good Cause Regarding Sealing the Paper Containing Confidential Information

The Office Trial Practice Guide (TPG) states that "a document or thing will be made publicly available, unless a party files a motion to seal that is then granted by the Board." Office Trial Practice Guide (Nov. 2019) at 19; *see also* 35 U.S.C. §316(a)(7). "The document or thing will be protected on receipt of the motion and remain so, pending the outcome of the decision on motion." *Id.* The TPG states that "protective orders may be issued for good cause by the Board to protect a party from disclosing confidential information." *Id.* at 20 (citing C.F.R. § 42.54). Here, there is good cause for sealing Petitioner's Reply to Patent Owner's Response because Petitioner references Exhibits and Papers filed by Patent Owner under seal.

II. Protective Order

Patent Owner concurrently requests entry of a modified protective order. Upon entry of that modified protective order, Petitioner designates Petitioner's Reply to Patent Owner's Response as "PROTECTIVE ORDER MATERIAL." The

Reply for which Petitioner seeks to restrict access references Exhibits and Papers filed by Patent Owner under seal and should only be accessible to persons that qualify under Paragraph 4 of the amended Protective Order.
