Onyx by J.P. Morgan

Transforming the future of banking.

Onyx by J.P. Morgan is at the forefront of a major shift in the financial services industry. We are the first global bank to offer a blockchain-based platform for wholesale payments transactions, helping to re-architect the way that money, information and assets are moving around the world.

ABOUT

Who we are

Onyx has pioneered the world's first blockchain-based platform for wholesale payments transactions, helping to transform the way that money, information and assets are moving around the world.

We are innovators who have cultivated a deep understanding of institutional banking and technology to create reliable infrastructure and

the world.

We are innovators who have cultivated a deep understanding of institutional banking and technology to create reliable infrastructure and services for the world's most pressing problems – starting with digital assets, payments and information sharing within banking.

Our Offerings

Liink

the leading information exchange network that enables seamless data sharing between institutions.

[Learn more](#) →

Why blockchain innovation

We use technology to help large institutions, corporations and fintechs who are interested in leveraging innovative technology solutions to help solve real-world business problems at scale. We have re-architected the infrastructure of value transfer, using intelligent, real-time networks to help unlock the potential of distributed ledger technology. Institutions around the world work with us through secure, open collaboration platforms that integrate quickly and seamlessly across global markets.

TEAM

Why Onyx

As the first global bank to enable deposit accounts on a blockchain ledger, we are the leading experts in using blockchain technology for banking.

Our Leadership Team includes technical, commercial and strategic thought leaders who are shaping the future of payments.

OUR PEOPLE

Who we are

We are bold, innovative, curious and are testing the limits of what technology can do.

We need people with big ideas, who are both doers and thinkers. We need people who can adapt, move fast, and thrive on working with others towards a larger purpose.

We are committed to:

Bringing in Top Talent and providing unique opportunities to influence the future of global commerce

Empowering Team Members to take risks, be visionary, and focus on execution all under helpful coaching and training

Embedding Diversity & Inclusion in everything we do with no limitations to gender, ethnicity, skills, backgrounds, or diversity of thought
