Online-only publication in 2012

Effective with the 2012 volume, this journal will be published in an online-only format. No printed edition will be published and your article will therefore appear online-only. All normal author benefits and services remain in place e.g. authors will continue to be able to order print reprints of articles if required. Furthermore, there will no cost to authors for the publication of colour images in the online-only edition and authors can make use of an improved facility to publish larger datasets, animations and models.

NEW for 2011: E-only Articles

To make sure you don't miss out, sign up to receive FREE table of content lists e-mailed to your inbox. Click on 'Get New Contents Alerts' at the top left of this page.
