Patent No. 10,674,786

**PATENT OWNER'S UPDATED MANDATORY NOTICES  
PURSUANT TO 37 C.F.R. § 42.8**

Pursuant to 37 C.F.R. § 42.8, Patent Owner Athalonz, LLC (“Athalonz”) hereby provides the following updated Mandatory Notices. Patent Owner is updating the information required by 37 C.F.R. § 42.8(c)(3), which is the only section that has changed since Patent Owner filed its mandatory notices on March 22, 2024.

**I. Lead and Back-up Counsel**

Patent Owner identifies the following changes to lead and back-up counsel. First, on May 5, 2025, Patent Owner filed a notice of intent to designate Stephen P. Bosco, a provisionally recognized PTAB attorney, as backup counsel pursuant to 37 C.F.R. § 42.10(c). The time period for objection has now passed, so Patent Owner is filing updated mandatory notices identifying Mr. Bosco as counsel of record as required by 37 C.F.R. § 42.10(c)(2)(iii). Second, Patent Owner is changing its Lead Counsel to Connor Houghton and moving Michael Matulewicz-Crowley to Back-up Counsel. Updated counsel information is listed below.

| LEAD COUNSEL                                                                                                                                                                                                                                                      | BACK-UP COUNSEL                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
