Total Driving is computed by totaling a player's rank in both driving distance and driving accuracy
The average number of yards per measured drive
For all drives measured with a laser, this is the longest drive for the entire year
The percentage of time a tee shot comes to rest in the fairway (regardless of club
The percent of time a player was able to hit the green in regulation (greens hit in regulation/holes played)
The percent of time a player misses the green in regulation, but still makes par or better
The average number of putts per green in regulation
The average number of strokes per completed round
The average number of birdies made per round played
