Reviewing
Ridge Wallet -
Basecamp Orange

I recommend this product

Perfect. Exactly as expected. I only wish I could have had the option to personalize it.

5 STARS

Love this wallet was skeptical at first because my dad had one for a week or to and absolutely hated but decided to full send it and get one to try for myself works great for me and all my needs could definitely see it being a bother if you have more than 6 cards but that's just my personal preference would definitely recommend for sure arrived quick and packaging was amazing
