Subject: RE: IPR2024-00697 - request for leave to file Patent Owner's Response out of time
Date: Friday, February 21, 2025 10:22:24 AM

Counsel:

Because Patent Owner timely served its Response on Petitioner, because Patent Owner timely filed its exhibits, and because Petitioner does not oppose the request for a late filing, the panel determines that a grant of leave is in the interests of justice in order to allow full consideration on the merits. Thus, the panel grants the request for leave to file Patent Owner's response out of time pursuant to 37 C.F.R. § 42.5(b)(3).

Subject: IPR2024-00697 - request for leave to file Patent Owner's Response out of time

CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Dear Honorable Board,

I represent Patent Owner Resonant Systems, Inc. in IPR2024-00697, *Apple Inc. v. Resonant Systems, Inc.*

During a recent review of filings in the IPR2024-00697, Patent Owner discovered that it had failed to properly file its Patent Owner's Response (the "Response") in P-TACTS. By stipulation of the parties, the deadline to file this Response was February 7, 2025. (Paper 12 at 1.) Patent Owner prepared and timely served on Petitioner its Response and associated exhibits. Patent Owner also timely filed the exhibits in P-TACTS. Patent Owner believed that it had successfully filed the Response as well, but

apparently it made an error in the filing process that resulted in the Response not actually being filed in P-TACTS.

We apologize for our error, and we respectfully ask that the Board grant leave to file the as-served Response in P-TACTS out of time. Petitioner Apple has indicated that it does not oppose this request.

Best regards,

Neil A. Rubin
