IPR2024-00702

Your Honors,

Patent Owner respectfully requests authorization to file the ITC’s redacted Initial Determination in Investigation No. 1375 as an additional exhibit in IPR2024-00702 challenging the ’817 Patent. The ITC addressed the validity of the ’817 Patent in this Initial Determination based on the same references which are asserted at the IPR.

Good cause exists because the Initial Determination was issued after Patent Owner’s Response was submitted to the Board. If the Board deems additional detail necessary to determine whether to authorize the additional exhibit, Patent Owner can provide those details on a conference call.

Patent Owner has conferred with Petitioner (cc'd). Petitioner does not oppose this request. Should the Board request a conference call, Patent Owner is generally available on January 17, 21, 22, 23, and 24.

Best regards,
