Subject: AD v. Tesla: Asserted Claims of '474

Hi John,

The Scheduling Order (Dkt. 91) explicitly limited AD to 10 asserted claims from the '474 patent, which were to be identified no later than October 8, 2023. Based on AD's infringement contentions AD is currently asserting 15 claims from the '474 patent, though I may have missed AD's election of claims in the turnover process from Weil.

Please send us today AD's election of 10 claims that was made no later than October 8.

Thanks,

Matt
