ORDER
Conduct of the Proceeding
37 C.F.R. § 42.5

¹ This Order applies to each of the captioned proceedings. The parties are not authorized to use this caption.

IPR2024-00735 (Patent 11,017,815 B2)

IPR2024-00777 (Patent 11,017,815 B2)

On September 8, 2025, the Board conducted a conference call with counsel for the parties to discuss Patent Owner's request to file a motion to submit supplemental information pursuant to 37 C.F.R. § 42.123(b) in each of the following proceedings: IPR2024-00735 and IPR2024-00777.

Counsel for Patent Owner indicates that the supplemental information is in the form of public record transcripts concerning testimony in a federal district court case involving the same patents at issue in these proceedings.

Counsel for Petitioner opposes Patent Owner's request, but asks that if Patent Owner's request is granted, that Petitioner be permitted to file responsive supplemental information in the form of additional public trial transcripts so that Patent Owner's testimony and arguments pertaining to the subject matter of these proceedings are included in the record.

After discussion with counsel and further consideration of the parties positions and arguments on this matter, Patent Owner's request for authorization to file a motion to submit supplemental information under 37 C.F.R. § 42.123(b) related to testimony in the federal district court case involving the patents at issue in these proceedings is *granted*.

The parties also requested authorization to file a motion to seal using the Board's standard protective order to protect the parties' confidential information from unnecessary public disclosure. The parties are authorized to file a joint motion to seal pursuant to 37 C.F.R. § 42.54 using the Board's standard protective order.

Accordingly, it is

ORDERED that Patent Owner is authorized to file a motion to submit supplemental information pursuant to 37 C.F.R. § 42.123(b) in each of these proceedings by September 14, 2025, not to exceed ten (10) pages in length.

Patent Owner's submission should include the proposed supplemental information in the form of exhibits to the motion, which will not be counted as part of the page limit;

FURTHER ORDERED that Petitioner may file a response to Patent Owner's motions by September 21, 2025, not to exceed ten (10) pages in length. Petitioner's submission should include any proposed responsive supplemental information in the form of exhibits, which will not be counted as part of the page limit;

FURTHER ORDERED that Patent Owner may file a reply to Petitioner's responses by September 23, 2025, not to exceed five (5) pages in length;

FURTHER ORDERED that the parties may file by September 15, 2025, a joint motion to seal in each of these proceedings under 37 C.F.R. § 42.54 using the Board's Standard Protective Order. The Standard Protective Order shall be filed as an exhibit in each proceeding; and

FURTHER ORDERED that the hearing in IPR2024-00735 and IPR2024-00777 is scheduled for 1:00 PM Eastern Time on Wednesday, September 24, 2025, at the U.S. Patent and Trademark Office Headquarters in Alexandria, Virginia.
