Appeal from the United States Patent and Trademark
Office, Patent Trial and Appeal Board in No. IPR2024-
00790.

ON MOTION

Before REYNA, BRYSON, and STARK, *Circuit Judges*.
PER CURIAM.

O R D E R

After Yangtze Memory Technologies Company, Ltd. filed its notice of appeal from the Patent Trial and Appeal Board's decision, Micron Technology, Inc. filed an otherwise timely request for Director Review of the Board's

2 YANGTZE MEMORY TECHNOLOGIES COMPANY, LTD. v. MICRON
TECHNOLOGY, INC.

decision. The Director dismissed Micron's request for lack of jurisdiction in view of the notice of appeal. Micron moves to stay this appeal and for limited remand to allow the Director to consider its request for review. Yangtze does not oppose, and the Director indicates he will consider Micron's request for review and provide Yangtze opportunity to respond to it. *See* ECF No. 18.

Upon consideration thereof,

IT IS ORDERED THAT:

(1) The motion is granted to the extent necessary to allow the Director to consider the merits of Micron's request for Director review.

(2) The court retains jurisdiction over this appeal, and all proceedings are stayed pending further notice.

(3) Within 14 days of the Director's ruling on the request for Director Review, the parties are directed to inform this court how they believe this appeal should proceed.
