Case IPR2024-00818  
U.S. Patent No. 10,524,202

**PATENT OWNER THETA IP LLC'S OBJECTIONS TO  
PETITIONER'S REPLY EVIDENCE**

Pursuant to the Federal Rules of Evidence and 37 C.F.R. § 42.64(b)(1), Patent Owner Theta IP LLC (“Theta”) objects to the admissibility of the following evidence submitted by Petitioner Apple on June 20, 2025 with its Petitioner’s Reply. These objections are timely as made within five business days of service of the evidence. Theta objects to the evidence as follows:

The exhibit is improper under the rules of evidence, the statutes governing *inter partes* review, and is submitted in contravention to the rules of practice and procedure here. Theta hereby provides notice to Petitioner that Theta will move to strike (if authorized) and/or to exclude this exhibit as improper evidence.

**I. Exhibit 1042: Reply Declaration of Professor Abidi**

Theta objects to this exhibit and any reference to or reliance thereon.

Theta objects to this exhibit as untimely because Petitioner should have and could have introduced it in the Petition. *See* 37 C.F.R. § 42.104(b); 37 C.F.R. § 42.23(b).

Theta objects to this exhibit because and to the extent that it presents improper testimony as to new matters on Reply.

Theta objects to this exhibit because Petitioner has failed to state its relevance or to identify specific portions of the evidence that support any challenge. *See* 37 C.F.R. § 42.104(b).

Theta objects to this document under FRE 401, 402 and 403 because Petitioner has not demonstrated that this exhibit tends to make any fact of consequence more or less probable. The exhibit is objected to as cumulative, irrelevant, confusing, beyond the proper scope of the Petition or Opposition, and of minimal probative value under FRE 401, 402 and 403—including because the exhibit is offered without explanation establishing any relevant purpose.

In addition, the exhibit is objected to as prejudicial far in excess of any probative value under FRE 403—including because it is offered with no opportunity for Theta to provide rebuttal testimony concerning the exhibit. As such, Theta has been denied a meaningful opportunity to respond pursuant to the requirements of Due Process and the Administrative Procedure Act.

In addition, the exhibit is objected to because Petitioner Apple has not sought authorization to, has failed to, and cannot, meet the requirements of 37 C.F.R. § 42.123 for the admission of supplemental information more than one month after the date of institution. The exhibit is supplemental information that is improper and untimely under 37 C.F.R. § 42.123.
