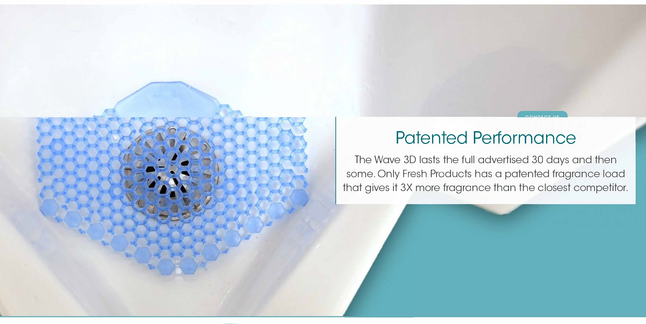
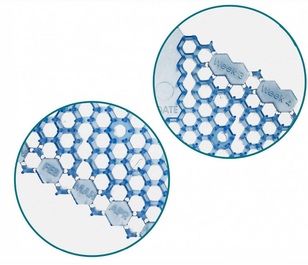
Dual Sided Splash Control

The unique two-sided design allows the screen to eliminate 97% of splash back on both sides. This prevents incorrect installation which can result in a mess around the urinal. The Wave 3D makes it easy, simply place it over the drain in the urinal and you're done.



Patented Performance

The Wave 3D lasts the full advertised 30 days and then some. Only Fresh Products has a patented fragrance load that gives it 3X more fragrance than the closest competitor.



Replacement Reminders

The Wave 3D comes with reminder tabs along the top and bottom edges of the screen. Simply pull off the week tab and the month tab that corresponds to 30 days from installation. Now it's easy to remember when to change out the screen.

Beneficial Bacteria

The Wave 3D contain billions of beneficial bacteria that consumes odors, so it doesn't just mask them. These amazing bacteria also help keep drains clean, clear, and smelling fresh.
