Vectair V-Screen urinal screen range expanded

13th of March 2013

The V-Screen range of urinal screens has been expanded by Vectair Systems with two new fragrances - Woodland Retreat and Ocean Spray.

The V-Screen offers a means of keeping drains and urinals free-flowing while combating odours between washroom cleaning visits. Each one fits over the drain or urinal and acts as a net to catch debris such as cigarettes, paper and other refuse.

Incorporated within the screen is a malodour eliminating substance which has the ability to deodorise smells that may exist within the urinal.

Solutions to combat poverty risk
18th of April 2024
Low-skilled workers in the Dutch cleaning sector are at a higher risk of poverty, explains VSR's John Griep.
A 2021 ...
