PATENT OWNER'S UPDATED EXHIBIT LIST

Exhibit No.	Description
2001	Disclaimer in a Patent under 37 C.F.R. § 1.321(a), filed in U.S. Patent No. 11,590,088, January 28, 2025

Pursuant to the Board's authorization on January 31, 2025, Patent Owner requests that the Board terminate this IPR proceeding and the Parties jointly request that the Board enter adverse judgment against Patent Owner under 37 C.F.R. § 42.73(b)(2).

On January 28, 2025, Patent Owner filed a statutory disclaimer of all challenged claims (claims 1-4, 6-10, 16, 18, 21-22) of the '088 patent pursuant to 35 U.S.C. § 253(a) and 37 C.F.R. § 1.321(a). Patent Owner submits as EX2001 a copy of the disclaimer. No challenged claims remain in this IPR. Therefore, Patent Owner respectfully moves to terminate the proceeding and the parties jointly move for entry of adverse judgment as to all challenged claims under 42.73(b)(2).¹

¹ *Petitioner's note:* Petitioner joins only the motion for entry of adverse judgment (and not Patent Owner's request to terminate the proceeding), as Petitioner understands that entry of adverse judgment as to all challenged claims constitutes a Final Written Decision under 35 U.S.C. § 318(a) and ends the proceeding. For clarity, there has not been any settlement between the parties and Petitioner opposes any resolution of this proceeding other than via entry of adverse judgment that constitutes a Final Written Decision under 35 U.S.C. § 318(a).

Respectfully submitted,
