Case IPR2024-00835
Patent No. 11,535,318

PETITIONER'S REQUEST FOR ORAL HEARING

The Board tentatively scheduled oral hearing for this proceeding for August 20, 2025. Paper 10. Pursuant to 37 C.F.R. § 42.70(a), Petitioner requests oral hearing on the instituted grounds of unpatentability, disputed claim constructions, any procedural and/or evidentiary issues, and any other issues that may affect the Board's determination in this proceeding. Petitioner also requests oral hearing on any issues raised by Patent Owner in its Request for Oral Hearing.

The Board has also scheduled an oral hearing for another proceeding (PGR2024-00026) on the same day. Although there is some overlap between this case and PGR2024-00026, there are enough distinct issues that Petitioner requests that the oral hearings not be consolidated for these two proceedings, but instead that the oral hearings occur serially on the same day.

Petitioner requests that Petitioner and Patent Owner each be allotted 30 minutes of argument time for this case. If the Board schedules the hearing to last less than or more than 60 minutes of argument time, Petitioner requests that it be given half the length of the hearing for argument.

Pursuant to the Scheduling Order, Petitioner conferred with Patent Owner about whether to conduct the oral hearing virtually or in person. *See* Paper 10 at 6-7. Petitioner understands that the parties have different preferences. Petitioner requests that the Board conduct the hearing by videoconference.

Respectfully submitted,
