Avi Shua is the co-Founder and CEO of Orca Security. Avi has more than 25 years of experience in cybersecurity. Prior to co-founding Orca Security, Avi was the chief technologist at Check Point Software Technologies and held key positions within Unit 8200, the Israeli NSA. While at Check Point, he built and scaled cybersecurity solutions that continue to protect tens of thousands of organizations to this day. Avi believes that cybersecurity products should always support the organization and not the other way around.
