Find people in Photos on iPhone

The Photos app uses on-device intelligence to recognize faces in your photos. When you add names to the faces, you can search for photos by name.

Note: When you [use iCloud Photos](#), your People album is kept up to date on all your devices that meet these minimum system requirements: iOS 11, iPadOS 13, or macOS 10.13. (You must be signed in with the same Apple ID on all the devices.)

Find photos of a specific person

To find photos of a specific person, do either of the following:

- Tap Albums, tap the People album, then tap a person to see all of the photos they're in.
- Tap Search, then enter a person's name in the search field.

Add a person to your People album

1. Open a photo of the person you want to add, then tap or swipe up to see the photo details.
2. The people identified in the photo appear in the bottom-left corner of the photo. Tap the face of a person with a question mark next to their picture to identify them.
3. Tap Tag with Name.
4. Type their name, tap Next, then tap Done.
