Dear Board,

Pursuant to the Board's Order on September 18, 2025 (Paper 26), the parties jointly alert the Board to the fact that on September 18, 2025, in the related matter Maxell, Ltd v. Samsung Electronics Co, Ltd., et al., Civil Action No. 5:23-CV-92-RWS (E.D. Tex.), the court issued an order granting judgment as a matter of law (JMOL) that claims 11 and 12 of the '848 patent are not infringed. That order was filed under seal. The parties jointly request authorization to submit a motion for entry of the Board's standard protective order so that the parties may file the district courts' order.

In addition, Patent Owner wishes to submit additional documents in this matter responsive to the Board's General Order. Specifically, Patent Owner seeks authorization to submit U.S. Patent Nos. 11,094,350; 11,948,605; 11,727,960; 12,400,685; 10,418,069 and their respective file histories illustrating the Office's prior consideration of prior art from the petition (Nozaki and Haitani). Petitioner does not agree that those documents are responsive to the Board's general order or the Board's September 18, 2025 Order and therefore opposes the submission of those documents.

Counsel for the parties are available for a call with the Board if one is desired.

Sincerely,
Michael Jay
