Honorable Board:

Patent Owner Shoals requests permission to file an exhibit in each of PGR2024-00022, IPR2024-00876, and IPR2024-00877. The proposed exhibit is the public version of the “Final Initial Determination on Violation of Section 337,” issued August 30, 2024, in *Certain Photovoltaic Connectors and Components Thereof*, Inv. No. 337-TA-1365 (U.S.I.T.C.). The ITC proceeding was discussed in each Patent Owner Preliminary Response.

Counsel for the parties have conferred and counsel for Petitioner Voltage has indicated that Voltage does not oppose Shoals’ request to file the FID as an exhibit, provided the parties agree to similarly update the Board with the Commission’s final determination after review of the FID, with a current

target date December 30, 2024. Shoals agrees with this proposal.

The parties can be available for a conference call at the Board's convenience.

Sincerely,
