Features

EXPAND ALL

+

24.2 Megapixel CMOS (APS-C) sensor, ISO 100-12800 (expandable to H: 25600) for shooting from bright to dim light and high performance DIGIC 6 Image Processor for outstanding image quality and speed.

+

Built-in Wi-Fi® allows you to wirelessly transfer your images and videos with ease to social networking sites with the free download of the Camera Connect app*, while built-in NFC (Near Field Communication) allows quick and simple pairing to a compatible Android™ device** and the Canon Connect Station CS100 device.

+

EOS Full HD Movie mode helps capture brilliant results in MP4 format for high quality shooting and easy movie sharing on social networking services.

+

Hybrid CMOS AF III allows for high levels of speed and accuracy when capturing moving subjects during Live View shooting or movie shooting.

+

The first EOS Rebel class DSLR to feature a Top LCD panel, Quick Control Dial, Horizontal Level and Built-in HDR movie.

+

Vari-angle Touch Screen 3.0-inch ClearView II LCD monitor (approximately 1,040,000 dots) enables flexible positioning and clear viewing even when outdoors.

+

High-speed continuous shooting up to 5.0 fps allows you to capture all the action.

+

New EOS scene analysis system helps you capture great images in a wider range of situations by detecting near-infrared light and flickering light sources.

+

19-point all cross-type AF system allows superb autofocus performance when shooting with the viewfinder as well as focusing area selection modes.

+

Creative filters are available as presets for photos and movies and can be displayed in real time during Live View shooting.
