Why Attend?

Gain insights, tools and practical guidance. Semiconductor Wafer Test Workshop is the only event that focuses on all the aspects associated with microelectronic wafer and die level testing. The conference has the perfect mixture of manufacturer and vendor presentations. It is not a sales show, nor an academic or theoretical conference. It is a probe technology forum where attendees come to learn about recent developments in the industry and exchange ideas. There is a relaxed atmosphere with a golf tournament, an Expo, social activities and plenty of time for informal discussion and networking. **Stay on the cutting edge of technology in your industry, register for this "must-attend" event of the year.**

Participate

SW Test kicks off Sunday morning, June 5th with its fifth annual golf tournament. The workshop begins Sunday afternoon with a tutorial and three presentations, followed by a welcome reception, dinner, and a keynote Speaker that evening. The Technical Program begins Monday morning with 30-minute presentations in theme-oriented sessions. The workshop concludes Wednesday at Noon, June 8th, after the awards presentation and lunch.

Full Conference Registration fee includes receptions and dinners Sunday, Monday and Tuesday; AM & PM refreshment breaks Monday, Tuesday; PM refreshment breaks Sunday and Wednesday; lunch Monday, Tuesday and Wednesday; a Social Event; the Technical Conference and EXPO admission, as well as the electronic Proceedings distributed at the Workshop. **Act Now & Save Up To \$150.00!**

Exhibit

NOTHING BEATS A FACE-TO-FACE MEETING... and SW Test EXPO is the only industry exhibit where ALL the top probe and probe-related suppliers are in one place at one time.

The Top probe card, probe equipment, and related service suppliers will exhibit the latest products and services at SWTW 2016. And, you won't find a more highly-focused, qualified group of attendees anywhere else. **Space is limited. Don't be left out of this one-of-a-kind marketing opportunity!**
