Dear Board and Counsel,

Patent Owner certifies that the corrected Patent Owner's Preliminary Response, filed as Paper 13 via PTACTS today, contains no changes other than corrections to pagination (including corrections to page references in the table of contents / table of authorities).

Best regards,
Jim

Counsel,

Patent Owner's Preliminary Response has a pagination error. Specifically, the pagination resets on page 4 (Section IV). Patent Owner shall file a corrected Preliminary Response by the end of business November 5, 2024. No other changes are authorized and Patent Owner must certify by reply email to the Board and Petitioner that no other changes have been made.

Petitioner must cite to the corrected pagination in its Preliminary Reply.
