Dear Dr. Plöger,

Thank you for the pleasant phone call. Our firm represents URT Umwelt- und Recyclingtechnik GmbH. As discussed, a summary of the LITHOREC I final report is attached. This pre-published document at least raises questions about the patentability of claims 1 and 12 of US 11 050 097 B2. Additionally, in our opinion, this document is also relevant to other pending proceedings but has not yet been introduced in any of them.

Our client is interested in an amicable settlement. This document has not yet been shared with third parties by URT. It would be appreciated if you could inform us promptly (due to the pending U.S. proceedings) whether your client is interested in a corresponding agreement based on this new state of the art.

I would be grateful for a brief confirmation of receipt of this email.

Kind regards,

Jürgen Stiel
