Dear Board,

Petitioner requests authorization to file a 3-page preliminary reply (no new exhibits) in accordance with 37 CFR 42.108. The preliminary reply will be limited to addressing the discretionary denial issues introduced in the preliminary response, including the new events from the district court litigation arising after the petition was filed and thereby creating a "good cause" for the preliminary reply.

The parties have conferred, and Patent Owner does not oppose this request so long as Patent Owner is similarly authorized to file a sur-reply limited to 3 pages (no new exhibits).

Thank you,

Michael Hawkins
