ELLE BY TEAM ELLE NOVEMBER 15, 2022

The results are out and we can't wait to share with you the products that made it to ELLE Beauty Awards 2022 winner list. For beginners, the winners are carefully chosen and decided after rigorous editorial and jury rounds where experts and editors put the products through a strict litmus test. From texture to pigments and formula to efficacy, the products were tested and the ones that stood the test of time made it to the top.

Product categories for this year are skincare, makeup, hair care, body care, men's grooming, and fragrance. Our jury which included Dr Madhuri Agarwal, Amit Thakur, Arti Nayar, Namrata Purohit and Sukriti Shahi tried and tested a barrage of beauty products, so swipe through to check them all out.
