Subject: RE: Powermat Technologies Ltd v Anker Innovations Ltd - 461 Patent IPR

Counsel,

Anker Innovations Limited (“Anker”) is filing an IPR petition challenging claims of U.S. Pat. No. 8,626,461 (“the ‘461 patent”). In accordance with *Sotera Wireless, Inc. v. Masimo Corp.*, IPR2020-01019, Paper 12 at 18-19 (PTAB Dec. 1, 2020) (Precedential), Anker agrees that if IPR is instituted based on this petition, Anker will not pursue in the related District Court Case No. 5:23-cv-00052 (E.D. Tex.) any ground raised or that reasonably could have been raised in Anker’s IPR petition against the ‘461 patent.

Best regards,
Aaron
