Subject: IPR2024-01005, IPR2024-01006, IPR2024-01011, IPR2024-01012, IPR2024-01013: Request for Reply to Patent Owner Preliminary Response

CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Your Honors:

In the preliminary responses filed in IPR2024-01005, IPR2024-01006, IPR2024-01011, IPR2024-01012, and IPR2024-01013, Patent Owner raised arguments related to discretionary denial under 35 U.S.C. §314(a). In the preliminary response filed in IPR2024-01013, Patent Owner further raised

IPR2024-01005, -01006, -01011, -01012, -01013
Ex. 3001

arguments related to discretionary denial under 35 U.S.C. §325(d). Petitioner requests authorization to file a 5-page reply to address these arguments from the preliminary responses. Notably, while the Petition already presented arguments against discretionary denial on these grounds, Petitioner asks for the opportunity to respond to the specific points raised on this issue by Patent Owner in the POPRs.

The parties have conferred, and Patent Owner opposes Petitioner's request. However, should the Board grants Petitioner's request, Patent Owner requests authorization to file a sur-reply of equal length. Petitioner does not oppose Patent Owner's request for a sur-reply.

Should the Board desire a call with the parties in connection with this request, the parties will confer and offer times of joint availability.

Respectfully submitted,
Hyun Jin In
Counsel for Petitioner
