Request Receipt Date: 31 August 2022

the reasons set forth below, the request for ex parte reexamination filed 31 August 2022 will not be granted a filing date, and the reexamination filing fee submitted with the proceeding will be refunded to requester pursuant to 37 CFR 1.26(a).
 The request papers have:

☐ been added to the patent file, as a Prior Art Citation under 37 CFR 1.501(a), since the papers comply with the requirements of § 1.501(a).

☒ been closed from public view, since the papers do not comply with the requirements of § 1.501(a).

On 12 September 2022, a "Notice of Failure to Comply with *Ex Parte* Reexamination Request Filing Requirements" was mailed for the request papers. The notice identified items that are required by 37 CFR 1.510 and were missing from the request. The notice set a 30 day time period for requester to complete the request.

☒ A response to the "Notice of Failure to Comply with *Ex Parte* Reexamination Request Filing Requirements" was not timely received from the requester.

☐ A response to the "Notice of Failure to Comply with *Ex Parte* Reexamination Request Filing Requirements" was timely received from the requester on _____. The response has been reviewed, but it is not sufficient to complete the *ex parte* reexamination request pursuant to 37 CFR 1.510. The remaining deficiencies identified in the Notice that were not cured are identified in the Attachment.

In the present instance, the requester was notified that the *ex parte* reexamination request did not meet all the requirements of 37 CFR 1.510 and was given an opportunity to complete the requirements of the request within a specified time. Requester has failed to timely complete the requirements for an *ex parte* reexamination request pursuant to 37 CFR 1.510. Accordingly, pursuant to 37 CFR 1.510(c), the request for *ex parte* reexamination will not be granted a filing date.

REFUND OF REEXAMINATION FILING FEE

In due course, a full refund of the *ex parte* reexamination filing fee will be made to the reexamination requester.

REQUESTER'S RECOURSE

In the event that the requester desires to initiate an *ex parte* reexamination of the patent, requester may wish to consider filing a new and complete request for *ex parte* reexamination, which new request includes the missing information identified by the Office.
