Dear Honorable Board,

Patent Owner requests that the Board strike Document Number 9 from each of the following Case Numbers: IPR2024-01023, IPR2024-01024, and IPR2024-01025. On October 4, 2024, the Board allowed a Sur-Reply in these matters, limited to five pages. Patent Owner's sur-replies were due October 18, 2024. During the finalization process, a formatting change, widow/orphan control, caused Patent Owner's sur-replies to exceed the five-page limit. Patent Owner promptly filed a conforming sur-reply in each case as Document Number 10, before the October 18, 2024, deadline. Other than the change in formatting, Document Number 9 and Document Number 10 are identical. Patent Owner respectfully requests that the Board strike Patent Owner's first-filed sur-reply in each case.

Petitioner takes no position on this request.

If a conference call would be helpful, we will revert with availability of counsel for the parties.
