Subject: IPR2024-1072 ('960 patent) - request to submit corrected versions of Patent Owner Response and exhibits thereto

To the Board:

Patent Owner e-Vision Smart Optics Inc. respectfully requests leave to correct a clerical error in its Patent Owner's Response (Paper 22) and exhibits thereto, which were timely filed on March 31, 2025. Due to a clerical error, the POR and supporting exhibits incorrectly identified e-Vision Optics, LLC as the owner of U.S. Patent No. 10,598,960, rather than e-Vision Smart Optics, Inc., the actual owner of the '960 patent.

Patent Owner previously filed a corrected power of attorney (Paper 16) and corrected mandatory notices (Paper 17) to address a similar error in previous submissions, and the Board noted the corrected identification and case style in its order granting Petitioner's motions to withdraw and substitute counsel (Paper 20).

To address this error and clarify the record, Patent Owner proposes filing corrected versions of its POR and all exhibits thereto, which would replace e-Vision Optics, LLC with e-Vision Smart Optics, Inc. as the '960 patent owner in the body of the POR and Exhibit 2014, in the case style for both, and in the exhibit stamp on all exhibits. Patent Owner would also submit a certification confirming that no other changes were made.

Counsel for the parties have conferred, and Petitioner's counsel does not oppose this request.

Respectfully submitted,

Brian Eutermoser
Lead Counsel for Patent Owner e-Vision Smart Optics, Inc.
