"The Amazfit Hello Ring is a gamechanger. My recovery matters as much as my daily training and with Hello, I know exactly what works, and how to get the most from my sleep."

Henrik Petter
Olympic Marathon Runner

"The secret's out. This ring has completely changed my training and recovery process."

Edyta Lewandowska
Ultra Marathon Runner

No Subscriptions Required.

Start breaking limits with your Amazfit Hello Ring, right out the gate. There's no need to pay for extra subscriptions or services to enjoy your smart ring to the fullest.

Empowering Your Ascent to Excellence.

When you're competing at the highest level, every percentage point, every fraction of a second, can prove the difference between victory and second place.

Crafted for elite athletes, the Amazfit Hello Ring recognizes that optimal performance is fueled by quality recovery.

From your training load, to your sleep quality, to the mental side of your game, this smart ring is the ultimate in athletic recovery, analysis and guidance.

Enhance Your Amazfit Experience.

Amazfit Sports Watches

Wear it as you tackle intense workouts, with an extensive range of sports modes and in-depth training support.

Amazfit Helio Ring

Wear when you want a silent partner to track your recovery in the background, like when you're resting, sleeping, or just living life.

All Your Data in One Place

Whether you wear your watch and ring at the same time, or switch between them throughout the day, find all of your data from both devices in the Zepp App. The app provides advanced performance and recovery analysis and actionable insights, for holistic 24/7 health and fitness tracking.

Double-Up on Data

To make sure you're getting everything you need to break limits, key recovery metrics like readiness will merge data from your watch and ring together for an even more precise score.

Crafted for the Best.

Incredibly lightweight and made from skin-friendly titanium alloy, the Amazfit Halo Ring is the ideal sleep tracker for athletes looking to monitor their recovery in comfort.

Titanium Alloy
High-end & Durable

Less than 4g
Ultra-Lightweight¹

2.6mm
Super Slim

Your Recovery Snapshot.

With just a quick glance of the Zepp App homepage, you'll be able to see a score and status for each key aspect of recovery, all in one place.

Readiness

How well you've recharged ahead of another round of action.

Recovery Time

Whether you're ready for an intense workout today.

Sleep Score

Rating the quality of your night's rest.

Sleep HRV and RHR

How your body reacts to life's stresses, and your cardio fitness level.

Recover Smarter, Achieve More.

What you do off the field is just as important as what you do on it. Make sure you're getting the quality rest you need with the Amazfit Helio Ring.

Compact and lightweight, it's both incredibly comfortable to wear all night, and packed with advanced sensors which hug your finger for astounding data precision.

In-Depth Monitoring² of

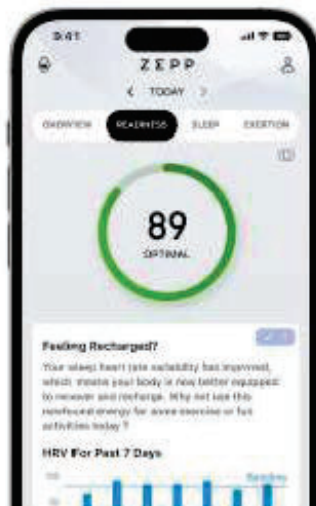

Sleep Quality &
Daytime Naps

Light, Deep & REM
Sleep Stages

Sleep Breathing
Quality

Hone Your Body, Prime Your Mind.

After a day of intense exercise, wear your Amazfit Helio Ring while you sleep.

In the morning, you'll get a Readiness score based on your sleep resting heart rate, sleep heart rate variability, breathing quality, and temperature.

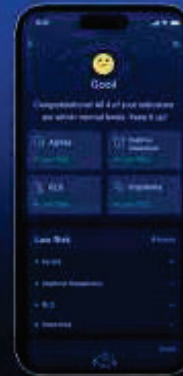

This score and accompanying insight³ sum up your mental and physical recovery, so you'll know whether to leap into action or plan some time to relax.

Your Personal Sleep Coach.

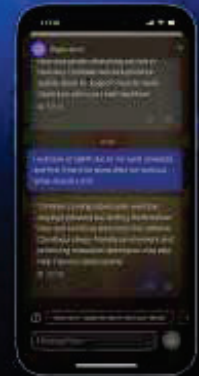

Maximize your recovery with Zepp Aura¹ – now free for Amazfit Halo Ring users. Give your recovery an extra power-up, with:

Customized sleep sounds that intelligently adjust based on your how your body responds.

Detailed weekly and monthly sleep reports with sleep health assessments and powerful insights.

Access to an AI chatbot, which proactively analyzes your sleep, and answers your wellness questions.

Perform Like a Champion.

More than just a sleep tracker, this smart ring is an elite athlete training tool that acts as your very own personal sports scientist.

This high-level training assistant utilizes specialized fitness data like VO₂ Max, Training Load and Training Effect.

Got a marathon coming up? The Zepp App can analyze the data from your recorded runs to generate race predictions².

Zepp Fitness is totally free for Amazfit Halo Ring users. Enjoy detailed weekly and monthly fitness reports, and access to an AI chatbot that answers your questions.

Keep an eye on the competition by sharing³ your workout data to popular fitness communities like Strava, adidas Running, Komoot, and more.

Keep Your Head in the Game.

Tracking your emotions can help you spot things that knock you off your game.

The Amazfit Halo Ring monitors physical indicators of emotional states with its electrodermal activity (EDA) sensor, and combines that with your heart rate variability (HRV) to detect changes in your daily and weekly expression of emotions.

In the Zepp App, log whether the detected emotion accurately matches how you're feeling. The more you log, the more accurately your summary will reflect your emotional state.

Keep Your Finger on the Pulse of Health.

As a smart wearable worn on the finger, the Amazfit Halo Ring can read your pulse clearer for even more accurate¹ heart rate, blood-oxygen and stress tracking.

As a result, you'll have an even clearer picture of your mental and physical recovery. It's an elite health tracker for elite athletes.

Ready to Break Limits? Sign Up Now.

Sign up with your email, and join an exclusive club of athletes who we'll keep posted about the latest coupons, promotions, and product updates for the Amazfit Halo Ring.

Make sure to follow Amazfit on social media, and join fellow athletes in our sports and outdoor communities on Facebook. Together, we'll show that limits are made to be broken.

Measurement Methods

Paper Strip Measurement Method

Cut a strip of paper long enough to fit around your index finger.

Wrap the paper around the finger for a natural fit, not too tight. Aim for a comfortable yet snug fit.

Use a pen to mark the point where the paper overlaps.

Straighten the paper strip and measure the length from tip to pencil mark. The result is your ring size measurement.

Size	8#	10#	12#
Finger circumference (inch)	2.37	2.6	2.8
Finger circumference (mm)	60.3	66	71.3
