Dear Honorable Board,

Petitioner in IPR2024-01101 (and in related, instituted IPR2024-00710) respectfully seeks the Board's authorization to file a *Sotera* stipulation in IPR2024-01101 to address Patent Owner's arguments in its Preliminary Response that the Board should deny the Petition pursuant to *Fintiv* (Paper 7 at Section VI).

Patent Owner does not oppose the Petitioner's request. Patent Owner requests that it be given permission to file a five-page brief to respond to the Petitioner's submission. Petitioner does not believe such briefing is necessary. Patent Owner would not oppose the Petitioner being given a five-page brief to respond to Patent Owner's brief.

If necessary, the parties are available for a conference call with the Board Tuesday or after next week.

Best regards,
Jonathan
