LIFT ELECTRIC HYDROFOIL

Built and tested in Puerto Rico, Lift's Electric Hydrofoil lets you fly over any body of water without waves, wind, or towing. The eFoil boasts a silent motor and a lithium-ion battery that lets you ride for up to an hour on a two-hour charge with a max speed of 25mph. It also features a hydrodynamic torpedo design for a smooth ride with low drag, and a wireless hand controlled remote that connects via Bluetooth for full control on the water. The board, battery, foil, and wing all break down easy to transport and setup out of the included case.
