Dear Ms. Goldschlager,

Thank you for the response and information. I am attaching the correct email correspondence from the Patent Owner. Given that the Patent Owner has not filed the disclosures, is it acceptable for Petitioner to file the motions to withdraw the petitions?

Regards,
Tim

Counsel,

From the Board –

Please note that Patent Owner has not filed Mandatory Notices pursuant to 37 C.F.R. 42.8(a) or Power of Attorney in these cases, so as of this time, Patent Owner has no legal counsel of record. If you believe you are in communication with counsel who is representing Patent Owner's interests in these proceedings, could you please communicate to them that in order to make any representations to the Board on behalf of the Patent Owner they have to file the required Notices and Power of Attorney.

Additionally, the email that was sent along with your request for authorization appears to be unrelated to the proceedings at issue. Could you please send the Board of a copy of an authorization that applies.
