Exhibit 3

The combination of the following printed publications, each disclosing Andrew Christian products in Style No. 9132 (Show-It Brief) ("9132 Show-It Brief") and Style No. 9133 (Show-It Boxer) ("9133 Show-It Boxer") featuring "Show-It 2.0 Technology," renders obvious the asserted claims of U.S. Patent No. 10,034,496 under 35 U.S.C. § 103 as set forth in the chart below.

- ACI000091-ACI000092, titled Show-It 2009 Line Sheet ("**Show-It 2009 Line Sheet**"). The Show-It 2009 Line Sheet was produced by third-party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. The front page of the Show-It 2009 Line Sheet states "Andrew Christian Underwear 2009 Collection 1 — Immediates." The second page of the Show-It 2009 Line Sheet states "Show-It Underwear Immediate Delivery" and shows "9132 Show-It Brief" and "9133 Show-It Boxer." The second page of the Show-It 2009 Line Sheet further states that each of the "9132 Show-It Brief" and "9133 Show-It Boxer" are available in colors "Heather, Black, Navy, White." The Show-It 2009 Line Sheet was published in 2009.
- AC000093-AC000101, titled 2009-2010 Collection Show-It ("**Show-It 2009-2010 Catalog**"). The Show-It 2009-2010 Catalog, which comprises excerpts from a larger published catalog, was produced by third party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. On information and belief, the Show-It 2009-2010 Catalog was published on or before October 1, 2009 because page 14 of the Show-It 2009-2010 Catalog (ACI000095) shows upcoming underwear models that will be available for "10/1 — 10/30 Delivery." The future delivery date indicates that the Show-It 2009-2010 Catalog must have been published prior to that date range. Page 3 of the Show-It 2009-2010 Catalog (ACI000094) displays "Show-It Underwear" and shows "9132 Show-It Brief" available in colors "Heather, Black, Navy, White." Page 3 of the Show-It 2009-2010 Catalog describes "Show-It™ with Show-It Technology 2.0 for Maximum Front Enhancement" and lists the following "Product Features": "The biggest and best 'PACKAGE' enhancer of any underwear," "Our Comfy Cup™ cradles and lifts to make you look HUGE," "Contrasting pouch accentuates front," and "Features Anti-Muffin Top™ elastic for a slimmer looking waist." Finally, page 3 of the Show-It 2009-2010 Catalog displays a side profile picture of underwear with Show-It Technology 2.0 to show and highlight the "Lifting Pocket."
- ACI000038 ("**the ACI000038 publication**" or "**ACI000038**"), titled AC-Photos-ShowIt.mov, is a 4 minute 52 second video that shows various pictures of Andrew Christian Show-It underwear models, including Style Nos. 9132 (Show-It Brief) and 9133 (Show-It Boxer). ACI000038 was produced by third-party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. The metadata document properties of ACI000038 show that the created date and last modified date are both November 10, 2009. On information and belief, the ACI000038 publication was published on or about November 10, 2009. The claim chart below includes screenshots of Style Nos. 9132 (Show-It Brief) and 9133 (Show-It

Boxer) in various colors (white, heather, black, or navy) from ACI000038, depicting the products from different angles. The screenshots included in the claim chart below are identified by a time within the video (ACI000038). In addition, beginning at 4:40 of the video, ACI000038 shows "Show-It™ with Show-It Technology 2.0 for Maximum Frontal Enhancement" and goes on to show the "Product Features" and Andrew Christian logo to end the video.

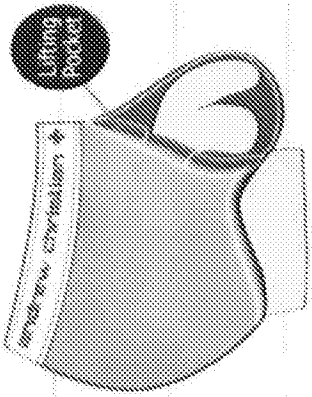

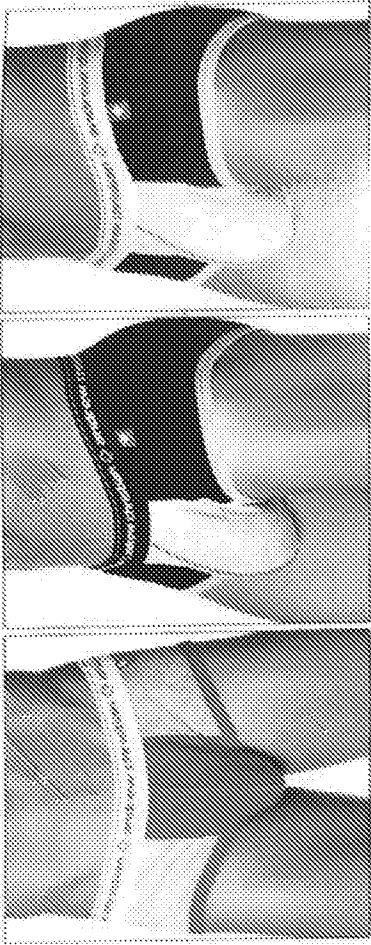

- ACI000040 ("**the ACI000040 publication**" or "**ACI000040**"), titled AC-Demo-ShowIt.mov, is a 54 second video of Andrew Christian (the designer of Show-It underwear) demonstrating the "Show-It Brief" (in heather) and a model wearing the "Show-It Brief" (in navy). ACI000040 was produced by third-party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. The metadata document and belief, the ACI000040 show that the created date and last modified date are both November 10, 2009. On information and belief, the ACI000040 publication was published on or about November 10, 2009. The claim chart below includes screenshots of the demonstration of the "Show-It Brief." The screenshots included in the claim chart below are identified by a time within the video (ACI000040).

One of ordinary skill in the art of the Asserted Patents would understand to combine these four printed publications, as all four discuss and describe the same Andrew Christian products -- the 9132 Show-It Brief and the 9133 Show-It Boxer.

Exhibit 4

The combination of the following printed publications, each disclosing Andrew Christian products in Style No. 9132 (Show-It Brief) ("9132 Show-It Brief") and Style No. 9133 (Show-It Boxer) ("9133 Show-It Boxer") featuring "Show-It 2.0 Technology," renders obvious the asserted claims of U.S. Patent No. 9,687,030 under 35 U.S.C. § 103 as set forth in the chart below.

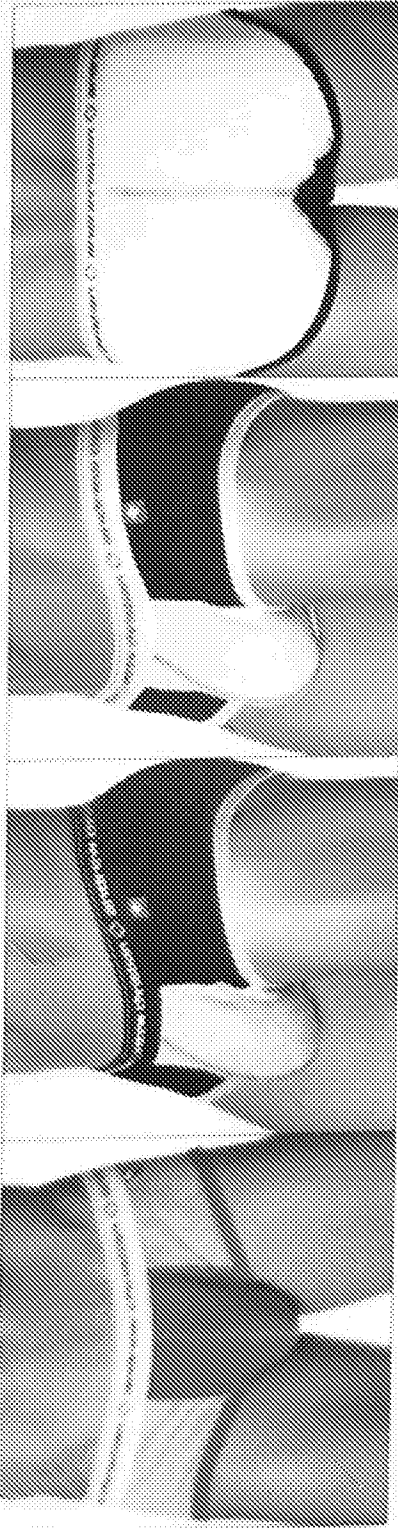

- AC1000091-AC1000092, titled Show-It 2009 Line Sheet ("**Show-It 2009 Line Sheet**"). The Show-It 2009 Line Sheet was produced by third-party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. The front page of the Show-It 2009 Line Sheet states "Andrew Christian Underwear 2009 Collection 1 -- Immediates." The second page of the Show-It 2009 Line Sheet states "Show-It Underwear Immediate Delivery" and shows "9132 Show-It Brief" and "9133 Show-It Boxer." The second page of the Show-It 2009 Line Sheet further states that each of the "9132 Show-It Brief" and "9133 Show-It Boxer" are available in colors "Heather, Black, Navy, White." The Show-It 2009 Line Sheet was published in 2009.
- AC000093-AC000101, titled 2009-2010 Collection Show-It ("**Show-It 2009-2010 Catalog**"). The Show-It 2009-2010 Catalog, which comprises excerpts from a larger published catalog, was produced by third party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. On information and belief, the Show-It 2009-2010 Catalog was published on or before October 1, 2009 because page 14 of the Show-It 2009-2010 Catalog (AC1000095) shows upcoming underwear models that will be available for "10/1 -- 10/30 Delivery." The future delivery date indicates that the Show-It 2009-2010 Catalog must have been published prior to that date range. Page 3 of the Show-It 2009-2010 Catalog (AC1000094) displays "Show-It Underwear" and shows "9132 Show-It Brief" available in colors "Heather, Black, Navy, White." Page 3 of the Show-It 2009-2010 Catalog describes "Show-It™ with Show-It Technology 2.0 for Maximum Front Enhancement" and lists the following "Product Features": "The biggest and best 'PACKAGE' enhancer of any underwear," "Our Comfy Cup™ cradles and lifts to make you look HUGE," "Contrasting pouch accentuates front," and "Features Anti-Muffin Top™ elastic for a slimmer looking waist." Finally, page 3 of the Show-It 2009-2010 Catalog displays a side profile picture of underwear with Show-It Technology 2.0 to show and highlight the "Lifting Pocket."
- AC1000038 ("**the AC1000038 publication**" or "**AC1000038**"), titled AC-Photos-ShowIt.mov, is a 4 minute 52 second video that shows various pictures of Andrew Christian Show-It underwear models, including Style Nos. 9132 (Show-It Brief) and 9133 (Show-It Boxer). AC1000038 was produced by third-party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. The metadata document properties of AC1000038 show that the created date and last modified date are both November 10, 2009. On information and belief, the AC1000038 publication was published on or about November 10, 2009. The claim chart below includes screenshots of Style Nos. 9132 (Show-It Brief) and 9133 (Show-It

Boxer) in various colors (white, heather, black, or navy) from ACI000038, depicting the products from different angles. The screenshots included in the claim chart below are identified by a time within the video (ACI000038). In addition, beginning at 4:40 of the video, ACI000038 shows “Show-It™ with Show-It Technology 2.0 for Maximum Frontal Enhancement” and goes on to show the “Product Features” and Andrew Christian logo to end the video.

- ACI000040 (“**the ACI000040 publication**” or “**ACI000040**”), titled AC-Demo-ShowIt.mov, is a 54 second video of Andrew Christian (the designer of Show-It underwear) demonstrating the “Show-It Brief” (in heather) and a model wearing the “Show-It Brief” (in navy). ACI000040 was produced by third-party Andrew Christian, Inc. on April 24, 2019 and produced to Plaintiffs on April 25, 2019. The metadata document and properties of ACI000040 show that the created date and last modified date are both November 10, 2009. On information and belief, the ACI000040 publication was published on or about November 10, 2009. The claim chart below includes screenshots of the demonstration of the “Show-It Brief.” The screenshots included in the claim chart below are identified by a time within the video (ACI000040).

One of ordinary skill in the art of the Asserted Patents would understand to combine these four printed publications, as all four discuss and describe the same Andrew Christian products — the 9132 Show-It Brief and the 9133 Show-It Boxer.

Claim 2	Exemplary Disclosure in Prior Art
	<p>The Show-It 2009 Line Sheet at ACI0000092 discloses that the 9132 Show-It Brief's "Comfy cup cradles and lifts." On information and belief, the Stretch Panel ("comfy cup") of the 9132 Show-It Brief must stretch more easily in the direction parallel to the waistband (to be able to accommodate the genitalia of the wearer) and must stretch less easily in a direction at right angles to the waist band (to be able to provide an upward force needed to "lift" the genitalia).</p> <p>To the extent Plaintiffs contend the ACI0000040 publication or Show-It 2009 Line Sheet does not expressly, implicitly, or inherently disclose a garment wherein the stretch panel has asymmetrical stretch characteristics such that the stretch panel stretches more easily in a direction parallel to the waistband and less easily in a direction at right angles to the waistband, one of ordinary skill in the art would, based on one's knowledge and the disclosure of the ACI0000040 publication or Show-It 2009 Line Sheet, understand how to modify the 9132 Show-It Brief to meet this limitation.</p> <p>The 9133 Show-It Boxer is a garment wherein the stretch panel has a property wherein the degree of stretch produced when force is applied in one direction differs from the degree of stretch produced when the same amount of force is applied in a direction at right angles to the first direction such that the stretch panel stretches more easily in a direction parallel to the waistband and less easily in a direction at right angles to the waistband. On information and belief, the inside view of the 9133 Show-It Boxer would show a "comfy cup" (that is, a Stretch Panel) inside the Front Portion and having the same stretch characteristics as disclosed in the ACI0000040 publication at 00:20 above.</p> <p>The Show-It 2009 Line Sheet at ACI0000092 also discloses that the 9133 Show-It Boxer's "Comfy cup cradles and lifts."
