LH130 Series - ECO2 Stand alone DVR
Watch over your world from anywhere in the world using this economical security solution that is ideal for business or home. The DVR is both PC and Mac compatible. Connect to your system on any device no matter where you are over a 3G/4G or Wi-Fi network. Record on a specialty hard drive designed for surveillance, providing weeks or even months of reliable video. Connect to any TV/PC/CCTV monitor with industry standards HDMI/VGA/BNC inputs up to 4 monitors simultaneously. The new intuitive interface with simple icons allows for easy & efficient DVR programming.

REMOTE CONNECTIVITY & COMPATIBILITY*
 iPhone® iPad® Windows Mac

24/7 100% Duty cycle hard drive pre-installed
The hard drives are designed to work in a security environment, including simultaneous recording & playback from various streams.

Free Lorex DDNS
DDNS allows you to set up a web site address that points back to your Local Network. Lorex provides a free service for use with your DVR.
