

Stratus Medical Ranked Number 483 Fastest-Growing Company in North America on the 2024 Deloitte Technology Fast 500™

MAGNOLIA, Texas, Nov. 21, 2024 /PRNewswire/ — Stratus® Medical announced it ranked 483 on the [Deloitte Technology Fast 500™](#), a ranking of the 500 fastest-growing technology, media, telecommunications, life sciences, fintech, and energy tech companies in North America, now in its 30th year. Stratus Medical grew 212% during the three-year period evaluated.

Stratus Medical’s CEO, Bret Boudousquie, attributes Stratus’ growth to physician adoption of the NIMBUS® RF Multitined Expandable Electrode technology (NIMBUS) as it contributes to predictable and durable pain relief, faster procedure times, and lower cost. Bret said, “We are honored to receive this recognition on behalf of our physician customers, the patients they treat with our NIMBUS technology, and our dedicated team of professionals who support them.”

About the 2024 Deloitte Technology Fast 500

Now in its 30th year, the Deloitte Technology Fast 500 provides a ranking of the fastest-growing technology, media, telecommunications, life sciences, fintech, and energy tech companies — both public and private — in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2020 to 2023.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company’s operating revenues. Companies must have base-year operating revenues of at least US\$50,000, and current-year operating revenues of at least US\$5 million. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.

About Stratus Medical

[Stratus Medical](#) is a medical device company focused on reducing pain and improving the quality of life for chronic pain patients through innovation of RF technology. The NIMBUS® RF Multitined Expandable Electrode addresses the unmet need for an easy-to-use and cost-effective radiofrequency ablation device that provides a large volume lesion for sustained pain relief. Stratus Medical is headquartered in Magnolia, Texas.
