

embedded adjective

em·bed·ded (im·'be-dəd)

Synonyms of *embedded* >

- 1** : occurring as a grammatical constituent (such as a verb phrase or clause) within a like constituent
- 2** : enclosed closely in or as if in a matrix : set firmly into a mass or material
Every nuclear sample has a host of distinctive attributes, including the exact mix of impurities, the ratio of different radioactive isotopes, even *embedded* carbon compounds that indicate the sample's age.
— *Discover*
- 3** : attached to a military unit or group for some purpose (such as covering a conflict or providing expert advice)
an *embedded* journalist
embedded military advisors
- 4 a** **of digital content** : drawn from and linked to an external source but displayed or accessed locally
an *embedded* video
Articles on this site may include *embedded* content (e.g. videos, images, articles, etc.). *Embedded* content from other websites behaves in the exact same way as if the visitor has visited the other website.
— *sportsnewsireland.com*
- b** **of a device or system** : functioning as part of a larger device rather than as an independent unit or system
a smartphone with *embedded* sensors
... even low-end cars nowadays have 30 to 50 *embedded* computers—which means that most vehicles are running millions of lines of software code, controlling everything from the brakes to the air conditioning.
— John Naughton
