Subject: IPR2024-01224 Re: Petitioner's Motion for Leave to file a Reply to POs Prelim. Response
Date: Tuesday, December 3, 2024 11:11:12 AM

Counsel,

Petitioner is authorized to file a Motion for Leave for Authorization to File a Preliminary Reply, limited to 5 pages, within 5 business days. Patent Owner is authorized to file an Opposition to Petitioner's Motion within 5 business days of the filing of Petitioner's Motion, also limited to 5 pages. No declaration evidence is authorized.

The motion should include a discussion of the effect of time bar under 35 U.S.C. § 315(b) on the Petition, which may render any preliminary reply moot, and of the timeliness of the request, starting from the time of filing of Patent Owner's Preliminary Response in IPR2024-00883 in which Patent Owner made the argument that Dammann has not been adequately shown as a printed publication.
