IPR2024-01294
U.S. Patent No. 10,434,394

**JOINT MOTION TO TERMINATE INTER PARTES REVIEW**

Pursuant to 35 U.S.C. §317 and 37 C.F.R §42.74, and as authorized by the Board in its e-mail dated August 20, 2025, Petitioner Garmin International, Inc. ("Petitioner") and Patent Owner Saris Equipment, LLC ("Patent Owner") jointly move for termination of this proceeding due to settlement.

1. CERTIFICATION

Petitioner and Patent Owner submit with this motion a confidential version of a true copy of the agreement or understanding (Ex.1014) between Petitioner and Patent Owner made in connection with, or in contemplation of, the termination of this proceeding under 35 U.S.C. §317(b) and 37 CFR §42.74(b). The parties certify that there are no other agreements, oral or written, between the parties made in connection with, or in contemplation of, the termination of this proceeding.

2. STATUS OF RELATED PROCEEDINGS

Petitioner and Patent Owner have resolved their disputes regarding U.S. Patent 10,434,394 ("the '394 patent"). The Parties also state that they are not aware of any other pending proceeding regarding the '394 patent.

3. RELIEF REQUESTED

As authorized by the Board, the parties are jointly and contemporaneously filing: (i) this Joint Motion to Terminate; (ii) a true copy of the agreement or understanding (Ex.1014) between Petitioner and Patent Owner made in connection with, or in contemplation of, the requested termination; and (iii) a Joint Request that the Agreement (Ex.1014) be Treated as Business Confidential Information and be

Kept Separate from the file of the involved patent, pursuant to 35 U.S.C. §317(b) and 37 C.F.R. §42.74(c).

Petitioner and Patent Owner jointly request that the Board terminate this proceeding in its entirety. Termination is appropriate at this stage and in view of a settlement between Petitioner and Patent Owner. *See* 35 U.S.C. §317(a); *see also, e.g., Pfizer, Inc. v. Novo Nordisk A/S*, IPR2020-00324, Paper 80 (2021); *Clio USA, Inc. v. The Procter & Gamble Co.*, IPR2013-00438, Paper 57 (2014). Good cause exists to terminate this proceeding because (1) Petitioner and Patent Owner have resolved their disputes regarding the '394 patent; (2) this proceeding is still at an early stage because the briefing has not yet completed, no oral argument has been held, and the Board has not yet reached a Final Written Decision on the merits of this proceeding; and (3) terminating the proceeding now would thus serve the interests of preservation of Board resources, the mutual interest of the parties, and the public policy of encouraging resolution of disputes through settlement.

Respectfully submitted,
