### Confirmation of Catalogisation of Print Articles

Dear Mr. Berg,

### To you and to whomever it may concern we hereby give the following confirmation:

The German National Library is entrusted with the task of collecting, permanently archiving, bibliographically classifying and making available to the general public all German and German-language publications from 1913. It is a federal institution with legal capacity under public law. All commercial and non-commercial publishers in Germany are obliged to submit two mandatory copies of their media works no later than one week after their publication to the German National Library.

Based on my personal knowledge, I herewith confirm that the publication

- 1) „*Neuere Entwicklungen in der Blechumformung : [Vortragstexte zur Veranstaltung Internationale Konferenz "Neuere Entwicklungen in der Blechumformung" in Leinfelden-Echterdingen (bei Stuttgart) am 9. und 10. Mai 2006]*", ISBN 978-3-88355-350-4, was archived and cataloged in the library's stock in Frankfurt/Main on August 1, 2006, meaning the publication was open to inspection by the public on that date. The publication was later archived in the library's stock in Leipzig on January 15, 2013, too. The aforementioned publication contains the articles
  - a. Engels H, Schalmin O, Müller-Bollenhagen C - Regelung und Überwachung des Warmumformprozesses borlegierter Vergütungsstähle

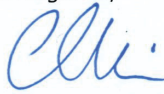

Deutsche Nationalbibliothek
