Sandvik® CH | CS Range

Crusher spares by CMS Cepcor® – the genuine alternative

CMS Cepcor® replacement parts to suit Sandvik® CH and CS range of crushers are proven in mining and aggregate production worldwide.

CMS Cepcor® has over many years developed a range of aftermarket crusher spare parts to suit Hydrocone® and Superior cone crushers manufactured by Sandvik®.

Our product range includes crusher spare parts to suit the 1800 Series and the current build CH Hydrocone® and CS Superior crusher models.

Lloyds Register ISO9001:2015 Quality assured

CMS Cepcor® recognises that the Sandvik® Hydrocone® and Superior range of cone crushers demand parts manufactured to exacting material grades and dimensional tolerance.

All CMS Cepcor® compatible parts to suit Sandvik® crushers are manufactured and warranted by CMS Cepcor®.

All CMS Cepcor® aftermarket parts are designed, manufactured and quality assured using state-of-the-art technology enabling us to successfully add replacement topshells, bottom shells, head centres and other major components to our product range.

Premium manganese wear parts

CMS Cepcor® has developed a range of premium aftermarket crusher wear parts to suit Hydrocone® and Superior cone crushers manufactured Sandvik®.
