Counsel,

The Board appreciates the parties' ability to come to a mutually-agreeable date for the deposition. It appears that Patent Owner took the latest of the four total dates eventually offered for the deposition, which creates some of the timing problem with the upcoming deadlines on October 28 (Due Date 3 in the Scheduling Order, as amended by stipulation). An expedited transcript should be available soon after the deposition to alleviate much of the concern about incorporating any of that material into the filings due on Due Date 3. That said, to allow for more time, we agree to extend Patent Owner's deadlines for Due Date 3 from October 28 to October 31.

Because of the two extensions to Due Date 3, we also move the deadline for Due Date 5 as it pertains to Petitioner's sur-reply related to the motion to amend (but not the motion to exclude deadline for all parties), from November 25 to December 8, 2025. All other due dates for Due Dates 4-8 in the Scheduling Order remain the same at this time.

Regards,

Andrew Kellogg,
