Subject: Issues when uploading excels

Hello Colleagues,

When preparing techcrunch application and testing the PILOT area, we have seen that we have an urgent requirement for new users who did not got briefed carefully by us. Ticket 164 is created. Ticket text is as follows:

"Popup needed when clicking the browse button for excel upload: popup shall have a bullet point list of format prerequisites to be able to upload the excel ! The feature is urgently needed for techcrunch application. Hence deadline for availability is 13th of June in PILOT. The popup need to have a button to get switched off."

Best regards  
Hans-Bernd
