Subject: RE: Screen-Flow data sheets2

Hi Seymour,
The flow is clear to us. Only one confusion regarding the ?New Empty Sheet? button on the top in third slide.
Do we need this button at the top? We already have ?New Data Sheet? and ?Upload new data sheet ..? buttons on the ?Data Sheets? tab in the right.

Subject: ScreenFlow2 - user warning box

Hi Girish,
can you make sense of the ScreenFlow for the Datasheets? Just checking.

One thing extra: If user clicks on "Update data sheet" then user should be explicitely asked "Do you really want to replace the current data with new data as this will affect all charts associated with this data sheet".

Best,
Seymour
