Subject: Q&A collection

Hi Crunchers,

here is the short list of Q topics for which we need breakdowns (in term of more refined questions and of course answers). For Gautam and the factory team the focus is on the questions first. Once collected we start to do the answers. Focus Seymour and me. Lets discuss if the factory team can support here.

Portal

1. What is the purpose of the icharts Portal
2. How to register
3. What happens if I lose my account data (user/password)
4. What means community and how do I get a member
5. How can I create my own charts
6. How can I publish my own charts
7. What charts are displayed on top of the list
8. What are the copy right conditions of the charts
9. What happens to the charts that I have published and what else can I do with them
10. What is the meaning of MyCharts
11. Is the search function an internet search or local

Studio:

1. What do I have to do first to create an icharts
2. What is the meaning of the buttons on the left
3. What is the meaning of the buttons on the right
4. What kind of data can I upload
5. Can I modify my data and download again
6. What kind of charts can I make
7. How do I use the workbench when creating a chart. What do I have to drop where.
8. How can I correct wrong drops
9. What kind of interactive function do I have.
10. How are the interactive functions be used
11. What means Publish, Share and Download
12. What is an audio comment

Please go ahead and share with the factory team

Hans-Bernd
